

## Looking for Landowners

Would you like to hold a seminar like this one? While we are presenting this program in western Nebraska, we are actively looking for other landowners throughout the state to spread the word.

Please contact us if you would like to host a seminar.

# Happy Goats Grazing: Successful Start Seminar

## Thinking Outside Your Pasture!

Happy Goats Grazing is a unique business venture. It takes your goats beyond your own pasture to “greener” pastures of opportunity elsewhere. Now your goats can clear property for friends, neighbors — even for the government — chewing down weeds on public roads and Bureau of Land Management land. There are as many possibilities as there are fields in Nebraska, and your creativity can help you generate an unlimited list of opportunities.

This full-day session can give you what it took us five years of trial-and-error to learn. In this “hands-on” seminar, we'll teach you:

- How to manage your herd to keep feed costs down — WAY down
- How to use nature's own gifts of food and shelter
- How to breed, and kid your goats, all without the overhead of permanent fencing and pens

## All Day Seminar

Business owner and grazing expert Michelle Wendell will share what she's learned over five years as a trailblazer in this new field:

- General overview of today's goat industry
- Economics of raising goats on alternative feed sources
- Where those feed sources are and which ones are the best for your herd's changing needs
- Breeding, kidding, and weaning methods
- Rotational grazing
- Transport and guard animals
- Fencing
- Health issues

Michelle literally takes you out on the farm as she demonstrates money-saving techniques, including:

- Fence-building basics
- Putting up low-cost, temporary working pens
- Working with a herd of her goats
- Moving her goats between paddocks
- Observing the herd
- Veterinary applications

**Lunch:** *We will take a break for lunch, though lunch is not provided. See the local information section in this brochure to find a great restaurant of your choice.*

**Saturday, June 25**

**9 a.m. to 6 p.m.**

**John N. Harms**  
**Advanced Technology Center**  
**2620 College Park**  
**Scottsbluff, NE**

The hands-on part of the seminar will be off-campus.

**To register, call:**  
**308.635.6700**

*Credit Cards Accepted*

**\$200 per person**  
*Payment due June 10.*

**Buddy Discount**  
*Bring a second person for  
half price with paid  
registration by June 10.*
